Description

**Kedi Growbett Water?Soluble Fertilizer** is an eco-friendly, premium-grade plant nutrient formulated with a **balanced 20?20?20 NPK blend plus essential trace elements (iron, manganese, zinc, boron)**. Designed for **foliar and soil application**, it dissolves easily in water, allowing high absorption and fast results—promoting stronger roots, lush foliage, healthier blooms, and greater crop yields.

This fertilizer is ideal for **farmers, gardeners, and horticulturists**, and suits a wide variety of plants: vegetables, fruits, ornamentals, field crops, and indoor plants. It's **chloride- and sodium-free**, ensuring safe and healthy soil over time

Key Benefits:

- Uniform 20?20?20 macro?element formula for balanced growth
- Enriched with iron, manganese, zinc, and boron
- Water soluble for foliar spraying or soil application
- Chloride? and sodium?free—agri-safe
- Enhances root system, flowering, fruiting, and yield
- Eco?friendly packaging in 200 g sachets or 5 kg bags

Suitable For:

Farmers, gardeners, and horticulturists growing vegetables, fruit trees, flowers, ornamental plants, and houseplants at all growth stages.
