Description

Painful menstruation (also known as dysmenorrhea) is a common challenge faced by many women in Nigeria, often caused by hormonal imbalance, uterine contractions, or underlying gynecological conditions. It can result in abdominal pain, back pain, mood swings, and reduced productivity.

The **Kedi Painful Menstruation Solution** combines **Eve's Comfort** and **Golden Six**, two powerful herbal supplements that help regulate the menstrual cycle, relieve cramps, and improve overall female reproductive health.

Key Benefits

- Relieves menstrual cramps and abdominal pain
- Helps balance female hormones naturally

- Regulates irregular periods and supports normal cycle
- Reduces fatigue, mood swings, and menstrual discomfort
- Promotes healthy reproductive function
- 100% natural, safe, and effective

Recommended Kedi Products for Painful Menstruation

- **Eve’s Comfort** – formulated to ease cramps, regulate menstrual flow, and support hormonal balance
- **Golden Six** – a traditional herbal remedy for women’s health, strengthening the uterus and reducing discomfort during menstruation
